Dear Mission Circle Supporter,

This year's new shoe distribution to needy kids in Oceanside is underway right now. These are children who rarely get a pair of new shoes. They come from extremely poor neighborhoods in our local area — much closer to home than our previous events. That means more parishioners can participate in the program, which is very gratifying to us at Mission Circle.

The program is paid for by donations from our St. James/St. Leo community. The events give our parishioners a chance to actually see the happiness their donations bring to these children (and their parents).

We've partnered with Shoes to the World to make this all happen. We are very grateful to everyone who donated, helped sort the 1,200 pairs of shoes, or helped distribute them at the Laurel Elementary School and the Mission Elementary school.

Thank you helping these little kids — for “walking a mile in their worn-out shoes” and replacing them with new ones!

Sincerely,

Kevin O'Connor
President
